ABOUT US

Here at Shadespan, we're passionate about creating exceptional outdoor living spaces, and our pergolas are at the heart of that passion. We understand that a pergola is more than just an outdoor structure; it's an extension of your home, a place to relax, entertain, and enjoy the beauty of your garden. That's why we've invested heavily in our US-based manufacturing facilities. These aren't just any workshops; they're cutting-edge spaces designed to ensure unparalleled quality and efficiency. By keeping our production entirely within the US, we maintain tight control over every stage of the process, allowing us to source the finest materials and employ skilled craftspeople. This commitment to quality, combined with our optimized production processes, allows us to deliver a truly premium pergola – consistently on time, and built to last. We believe that our dedication to local manufacturing and rigorous quality practices sets us apart, ensuring you receive a product that not only meets but exceeds your expectations.

DESIGN LED

At Shadespan, we are relentlessly Design Led. It's more than just an aesthetic choice; it's the core of our approach to crafting exceptional outdoor living solutions. From the initial concept to the finished product, design is at the forefront of everything we do. This commitment is evident in every detail, from the seamless operation of our maintenance-free opening roofs to the subtle elegance of flush-fitting LED ambient lighting integrated into our chamfered posts. We believe that a well-designed product should not only function flawlessly but also inspire. Our pergolas are meticulously crafted to elevate outdoor spaces, transforming them into havens of comfort and beauty, prompting a sense of tranquil sophistication and encouraging a deeper appreciation for our natural surroundings.

FAQS

What are pergolas used for?

A pergola instantly transforms your backyard into a stylish, inviting retreat. It creates the perfect balance of shelter and open-air freedom — offering shade on sunny days and protection from light rain, all while enhancing the beauty of your outdoor space.

Pergolas are perfect for:

- Entertaining friends and family.
- Relaxing outdoors.
- Hosting cookouts, parties, and gatherings.
- Backyard fun with the kids.
- Fire pit and hot tub enclosures.
- Outdoor dining.
- Stargazing at night.
- Backyard kitchens and grilling stations.

Are pergolas worthwhile?

Absolutely. A pergola is more than a structure — it's an investment in your outdoor lifestyle. In many areas, a permit isn't required for a small, freestanding pergola, but local rules vary. Always check with your local building department to confirm requirements, especially if your home is in a historic district or has specific zoning regulations. Built from durable aluminum, our pergolas are easy to maintain and can be paired with a variety of screens to create a versatile, comfortable space you'll love spending time in.
